Tree Measurements

2013 Highlights

In *A Sand County Almanac*, Aldo Leopold wrote, **"A conservationist is one who is humbly aware that with each stroke he is writing his signature on the face of the land."** Perhaps no land better displays the signature of conservation and good management than the Appomattox-Buckingham State Forest. At the 67th annual Holiday Lake Forestry Camp, 80 teens explored the relationship between people and land as they took part in field-based learning experiences on the "AB" – once eroded and unproductive farmland, now a well-managed working forest.

This year's campers represented 40 Virginia counties and cities. Their core classes were Tree Identification, Forest Measurements, Sustainable Forestry and Wildlife Management, Tree Improvement, Forest Ecology, Forest Management, Environmental Protection and Reproducing the Forest. Other experiences included a field trip to Greif Packaging's paper mill, exploratory and "beyond the basics" classes, sports, swimming and Lumberjack competitions. Evening programs featured presentations on forest health, natural resource careers, wildlife research and law enforcement presentations, and even a talent show. By week's end, the campers had attained not only new knowledge, skills and friends, but also an introduction to diverse career fields in natural resources.

According to camper evaluations, most improved their knowledge of the core subjects taught at camp, and many planned to share their new skills and knowledge with others. The campers took home excellent resource materials, and the Top 10 campers (as scored academically throughout the week) received awards of outdoor equipment. This year's Top 10 campers were as follows:

*"I learned about the awesome power and benefits of Virginia's forests and wildlife."
– Nina S., Vienna*

- ☆ 1st – Noah Williams, Southampton County
- ☆ 2nd – Jacob Gray, Richmond County
- ☆ 3rd – Tadek Kosmal, Falls Church
- ☆ 4th – Jesse Carter, Nelson County
- ☆ 5th – Holden Staton, Bedford County
- ☆ 6th – Keri Knott, Henry County
- ☆ 7th – Will Parker, Fauquier County
- ☆ 8th – Kyle Lanier, Bedford County
- ☆ 9th – Jake Wood – Fluvanna County
- ☆ 10th – Hunter DeShazo – Henry County

For the 7th year, Monday's program included a Forestry Field Day for campers' parents. Participating parents experienced short versions of tree identification and forest measurement classes and toured Appomattox-Buckingham State Forest to see forest management in action. They took home information to use on their own property and to share with others.

2013 CAMP STAFF

The Virginia Department of Forestry gratefully acknowledges the contributions and services of the many groups and individuals whose generous support makes Holiday Lake Forestry Camp possible. Donations to the scholarship program allow campers to attend at a minimal personal cost. The 51 staff members and presenters served as "in kind" contributors who were paid by their employers or truly volunteered their time.
